Dear Representatives Burgess and Rush:

On behalf of the undersigned organizations, thank you for your leadership in introducing H.R. 8505, a bill to prevent pending Medicare payment cuts by waiving the budget neutrality requirements stipulated in Section 1848(c)(2) of the Social Security Act for the finalized evaluation and management (E/M) code proposal slated for implementation on January 1, 2021. This important legislation will provide a critical reprieve for a broad scope of physician and non-physician health care providers facing substantial payment reductions in the coming months.

As you are aware, the Centers for Medicare & Medicaid Services' (CMS) final Medicare Physician Fee Schedule (MPFS) rule for CY 2020 included broad changes to reduce administrative burden, improve payment rates, and reflect current clinical practice, especially as it relates to E/M services. Our organizations appreciate CMS' commitment to these issues and support a purposeful approach to restructuring and revaluing the office-based E/M codes. However, we are deeply concerned that adhering to existing budget neutrality requirements for implementing the new policy will generate sizable cuts for various sections of the provider community; cuts that will restrict access to the many essential health care services our members provide to Medicare beneficiaries.

Given the ongoing COVID-19 pandemic, it is more important than ever to halt the implementation of any payment reductions that will further exacerbate the financial instability of health care provider practices. Over the last several months, nearly 200 members of the House of Representatives have indicated their support for mitigating the forthcoming payment cuts. With the calendar waning, we urge continued collaboration with your House colleagues and leadership to advance H.R. 8505, or another identified legislative remedy, in the next available legislative package. Again, thank you for your leadership in introducing legislation to prevent the forthcoming payment reductions generated by the budget neutrality requirements. We look forward to working with you to advance a viable legislative solution before the end of the year. If you have any questions, please contact Cynthia Moran (ACR, cmoran@acr.org), Katie Orrico (AANS, korrico@neurosurgery.org) or Justin Elliott (APTA, justinelliott@apta.org).
